13. DESCRIPTION OF COURSE CONTENTS- PROGRAMME:

These further education courses for teachers are based on the current Socrates Project 'Television News on Europe'. Together we want to understand the steps that have been undertaken.

Therefore the following subjects will be in the forefront:

- Media education in school
- cross-subject media education in primary schools
- practical media work involving production and analysis
- media work and intercultural education

The following activities will take place:

- simulated media lessons
- development of media educational concepts
- a visit to a primary school class in Berlin
- collective production of a news programme
- introduction to the video camera
- introduction to digital editing
- transmission in Berlin cable network (Open Channel Berlin)
- copy of the video for each participant

Possible programme:

- Mon: arrival
- Tue: Introductory meeting, first recordings
- Wed: Task: News programme, visit a primary school
- Thur: Task: News programme continued
- Fri: Editing, copies
- Sat: Transmission in the Open Channel, visit to the studios, evaluation of the week
- Sun: Departure

It is our hope, that these further education courses will have a multiplication effect. Above all we are interested that a long-term network of active media educators is established in Europe.

14. PREPARATION REQUESTED IN ADVANCE OF THE COURSE

Participants should bring the following things:

- a video camera (if possible)
- a VHS video cassette with at least one news programme
- a current TV programme

Participants should familiarise themselves with the website (www.23MUSKELTIERE.DE)

15. FOLLOW-UP PLANNED

The following steps are planned:

- a written Evaluation report (questions will be given)
- feedback about the application of the course
- offer of co-operation with the 'Television News on Europe' project, establishing a network
- integration into the web project

16. CERTIFICATION TO BE AWARDED

- participation certificate from the course, inclusion of participants in the internet site
- video cassette with the results of the training week
